MoveIdiot.com Press Kit

- MoveIdiot.com is a free, Web-based service that takes the hassle out of moving by allowing users to manage entire moves online. MoveIdiot.com's suite of online moving tools solve the fragmented nature of moving by allowing users to organize items being moved, track shipped boxes, remember and complete important moving tasks and develop and maintain a moving budget, without ever logging out of the service.
- MoveIdiot.com ensures the packing process runs smoothly by allowing users to upload, host and organize all items being moved and categorize items by box and room. Users can upload items individually or batch upload through MoveIdiot.com's list of popular household items. MoveIdiot.com allows users to seamlessly print out packing details and create labels.
- MoveIdiot.com ensures that users never forget a to-do item through MoveIdiot.com's Moving Checklist, which alerts users of everything from when it's time to notify your doctor that you are moving to reminding you to visit the DMV in your new city.
- Setting and maintaining a moving budget is easy with MoveIdiot.com, users simply upload or input receipt information and select an applicable moving category (i.e. travel expenses, hotel expenses). As users input expenditures, they instantly have access to real-time spending statistics including percentages spent in each moving category and total amount spent on the move, making it easy to track and manage spending.
- MoveIdiot.com's highly-intuitive box tracking feature allows users to upload or e-mail tracking information from multiple shipping companies and view real-time updates through several different viewing options including an interactive map.
- MoveIdiot.com is a completely Web-based service that works on PCs, Macs and browser-equipped mobile devices. There is no software to download or install. To register for free, simply visit <http://www.moveidiot.com/> and follow the registration steps.
- MoveIdiot.com is owned and operated by Advanced Technologies Group, LTD (OTCBB: AVGG), a **publicly traded** software development company.
